For the hazardous-materials field, exclude fuel spilled from the fuel tanks of vehicles involved. Record other released hazardous materials and the supporting report reference below.

Recordability review

The federal definition covers a CMV highway occurrence resulting in a fatality, an injury requiring immediate medical treatment away from the scene, or disabling damage requiring a vehicle to be transported away. Events involving only boarding/alighting from a stationary vehicle or only cargo loading/unloading are excluded. Apply the full definition to the facts.
