Driver Credential Renewal Tracker

Driver record

Carrier / driver name

Reviewed by / date

Use actual expiration dates and applicable review intervals. A medical certificate is not automatically an annual renewal. For CDL medical status, check the required licensing-state record and applicable current procedures; a reminder does not extend an expired credential.

Renewal and review schedule

Credential / review	Expires / due	Reminder / owner	Verified / evidence
Driver license			
Medical qualification			
Endorsement / restriction			
Variance / exemption (if any)			
Annual MVR review			
Other company requirement			

Restrictions, unresolved status, or assignment limitations

Follow-up

Next review / responsible person

This tracker does not replace the annual MVR review, required qualification evidence, or a check of current driving eligibility before assigning work. Avoid Social Security numbers and medical diagnoses on this sheet.
